About the PRCC

MISSION

The mission of the Paso Robles CAB Collective is to educate media, trade and consumers, and garner global acclaim for the quality of Cabernet Sauvignon and red Bordeaux varietals produced in Paso Robles.

VISION

The Paso Robles CAB Collective is a grassroots organization which strives to promote the full potential of the Paso Robles appellation in producing superior quality, age-worthy, balanced, classic Cabernet Sauvignon and red Bordeaux varietals to media, trade and consumers worldwide.

More than half of the acres in Paso Robles Wine Country are planted to red Bordeaux varieties; CAB is king. Temperate days, cool nights and well-drained soils echo the best of the growing conditions of Bordeaux, France and Napa, California, inspiring local winemakers to produce world-class Cabernet Sauvignon, Cabernet Franc, Merlot, Petit Verdot, Malbec and spectacular red Bordeaux blends throughout the region's bucolic vineyard terrain.

Formed in 2012, the Paso Robles CAB Collective (PRCC) strives to promote the full potential of the Paso Robles AVA in producing superior quality, classic and age-worthy Cabernet Sauvignon and red Bordeaux varietals to trade, media and consumers worldwide.

The PRCC is a grassroots non-profit organization formed with the belief that the Bordeaux varieties of the Paso Robles AVA, and the subsequent quality of the wines, are worthy of international acclaim. As an organization governed and directed by representatives of the member wineries, the PRCC seeks to improve awareness regarding the distinctive attributes of Paso Robles Cabernet Sauvignon and red Bordeaux varietals through the education of media, retailers, restaurateurs and sommeliers who ultimately influence the buying consumer. This is done by hosting key influencers to the region for one-on-one experiences with the members of the PRCC, as well as by taking the wines on the road to key markets and events, while internally continuing to raise the quality of wines by sharing best practices. In its first five years of existence, media and trade recognition for the caliber of wines has led to increased production, distribution and sales.

The support of our sponsor partners has been irreplaceable and each is highly valued amongst PRCC members. It is our collective belief that all of our businesses will thrive as we continue to raise the tide of recognition for the region's Cabernets and red Bordeaux varietals.

As a sponsor of the Paso Robles CAB Collective you will help us accomplish our mission to educate trade, media and enthusiasts on the quality of Cabernet and red Bordeaux wines produced in Paso Robles, and to thrive as the most progressive and burgeoning wine region in North America.
